CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

Look at Tongue! Then give fruit laxative for stomach, liver, bowels.

"California Syrup of Figs" can't harm children and they love it.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeiting fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."—Adv.

OBITUARY

Death of Mr. Boise Adams in DeFuniak Springs.

News which occasioned deep sorrow to many Pensacola friends was that received in the city announcing the death of Mr. Boise Adams, which occurred at DeFuniak Springs, Fla., yesterday morning, after a lingering illness. Mr. and Mrs. Adams came to DeFuniak about six weeks ago from Connecticut hoping the change to a southern climate might prove beneficial to Mr. Adams' health.

Mrs. Adams was, before her marriage, Miss Sue Creary, daughter of Mr. and Mrs. W. F. Creary, formerly of Pensacola, but now residing at DeFuniak. The family have a large circle of friends here who extend to them, in their bereavement, their most sincere sympathy. No funeral arrangements have yet been made.

G. Mackie, station master at Falmouth, Eng., retiring after nearly fifty years' railway service, recalls how, in 1873, luggage was carried on railway carriage roofs, even on the London and Edinburgh trains, and secured by tarpaulins.

WHY MAKE THE ANNUAL STRUGGLE WITH RHEUMATISM

Nature Gives a Cry for Help That S. S. S. Can Answer With the Right Treatment.

This is the season when the damp, cold, changing weather of winter intensifies the pains and other disagreeable symptoms of Rheumatism.

Rheumatism never comes by accident. It is in the blood and system before a pain is felt.

The symptoms of this disease are almost unnoticed at first, so insidiously do they steal over the body; gradually the little pains and stiffness increase until they develop great inconvenience day by day, and if neglected or improperly treated will become chronic.

Not only is Rheumatism the most painful of all diseases, with its swollen, stiff joints, throbbing muscles and stinging nerves, but it is formidable and dangerous trouble.

Every day the poison remains in the system the disease gets a firmer hold and the patient is soon left a helpless cripple.

Of course, if this painful disease was on the surface only, you might reasonably expect to get relief by the use of lotions, liniments and other local applications. But the course of the disease is in your blood, the tiny disease germs find lodgement there and multiply by the millions, scattered by means of the blood circulating throughout

PENSACOLIANS MAY TESTIFY IN NEW YORK CITY

Pensacolians may be called to New York City to testify in the case brought against A. Bistis, a Greek, who owned the Millville built ship, Leonidas, and is charged in an indictment with attempting to sell the ship to aliens. Local shipmen measured the craft when she was completed at Millville and made ready for her maiden voyage. The ship was destroyed by fire 250 miles off the coast of Bermuda on her first trip, in August 1918. None of the defendants in the case have yet been arrested.

MAYOR NAMES TO PENSACOLIANS TO ATTEND MEETING

Ten men were named yesterday by Mayor Frank Sanders, to represent the city at the Atlanta meeting of the League to Enforce Peace, which is to be held the latter part of this month. Mayor Sanders was invited to have this representation at the meeting by officials of the league.

Those who were named to the honor are: Frank Reynolds, James Jolly, George Hervey, T. T. Todd, Clarence Bell, Rube King, James Large, Dave Shuttleworth, Frank Humphreys and Alfred O. DeWeese. President H. S. Kelley of the Trades and Labor Assembly was also named by officials of the league as a delegate to the Atlanta meeting.

NEGROES CHARGED WITH TAMPERING HELD TO U. S. COURT

Three negroes arrested at Marianna for alleged tampering with the U. S. mails, were held to await the action of the U. S. District Court, at a hearing before U. S. Commissioner Bruce at Marianna this week. Assistant U. S. Attorney Earl Hoffman represented the government in the case.

Mail order houses complained to the government recently that many of their shipments to patrons on the Marianna and Blountstown railroad were not being delivered. Investigation brought evidence pointing toward a negro trainman in charge of the mail and two negro brakemen. Raids on their homes are said to have resulted in finding of great quantities of goods, alleged to have been stolen in the mail thefts.

LELA EVANS IS SENT TO FEDERAL PRISON BY JUDGE

Lela Evans, charged with the violation of section 13 of the draft act, was sentenced to 10 months in the federal prison at McAlester, Oklahoma, in the U. S. District Court yesterday, by Judge W. B. Sheppard.

The cases of Anna Hitchcock and Dorothy Morley, white, charged with similar violations of the draft act, had their cases continued until examinations could be made.

your entire system. In order to get permanent relief from this dreadful disease, the blood must be purified, and all irritating matter removed from the circulation.

No remedy does this so quickly as S. S. S., the best blood purifier on the market today, that has stood the test of time with sixty years of success behind it, and more popular today than it has ever been before.

S. S. S. not only contains purifying and tonic properties, but solvent qualities, and, being purely vegetable, will not injure the system as do medicines which contain potash and other mineral ingredients.

While cleansing the blood of all poison, it builds up the system and relieves the sufferer of the nagging pains of Rheumatism and is the one remedy that is so useful in repairing the damage done by blood diseases.

Don't wait for your trouble to become chronic, but begin the use of S. S. S. today and purge the blood of every particle of the poison.

We maintain a medical department for the benefit of all who are afflicted, and our Chief Medical Advisor, who is familiar with all forms of Rheumatism, will gladly give you advice without charge as to the treatment of your own case. Address Medical Director, 151 Swift Laboratory, Atlanta, Ga.

ORDINANCE IS PREPARED TO DONATE LAND

BRUCE DRY DOCK COMPANY WILL BENEFIT BY ORDINANCE IF COMMISSIONERS PASS IT.

An ordinance has been prepared, for presentation at the next meeting of the city commissioners, which will convey, if possible, valuable water front property, to the Bruce Dry Docks company.

In view of the fact that the Bruce company is negotiating with the U. S. government for the establishment of a 5000-ton dry docks here, the city has agreed to present the company with a quit claim deed to property essential to the future of the concern.

If the ordinance is passed, the property which will be given the dry dock people, will be that lying between Coyle and Clubbs streets, south of the bulkhead line, which is fixed by the federal government. The ordinance sets forth that the passage of the bill will be to further the commerce and navigation interests of the city.

The next regular meeting of the commissioners is Monday afternoon, when the ordinance will probably be given first reading. The location of the big dry dock in Pensacola will do much to build up the future maritime trade of the port, officials say.

NON-SUIT RESULT OF ACTION FOR DAMAGES IN COURT

A non-suit resulted in the action for damages brought in the court of record yesterday by W. C. Brown against the National Timber Company. Brown sought \$5000 damages from the timber company for injuries sustained when he is said to have fallen off a load of lumber while in the employ of the company, the fall, resulting in injuries to his head.

Judge Moreno Jones presided and a non-suit was asked just before Judge Jones began his charge to the jury. Attorneys Avery and Watson represented the plaintiff, while Attorney Maxwell represented the timber company. This is the first damage suit to be brought up this term of the court.

Other sentences passed in the court of record were:

James Duff, train riding, \$5 and costs or 30 days.

John Miller, grand larceny; \$10 and costs or one year.

Henry Washington, arraigned; two years reform school.

Essie Johnson, breaking and entering and larceny; four years in the industrial school for boys, or an alternative sentence of two years in the state prison.

CHICKEN CASE DISMISSED BY RECORDER MOREY

The case against Dave Harrison was dismissed by Recorder Morey in the city court yesterday, when he was arraigned on a charge of having allowed chickens to run at large, in violation of a new city ordinance. The prosecuting witness was Mrs. Len Lefaron. Both parties were represented by attorneys, and several witnesses were heard. Ownership of the chickens was disclaimed by Mr. Harrison, and resulted in the case being thrown out of court.

POLICE ATTEMPT TO LOCATE "LOST" FAMILY

The police are attempting to locate a family on LaRue street named Reed, following the receipt of a telegram from the New York police that Ernest Reed, supposedly of 321 "Laurel" street is seriously ill in a New York hospital. The search has been unavailing up to last night.

MAY BE UNABLE TO ENFORCE AN ORDINANCE

CONTRACTORS WITHDRAW BIDS FOR SANITARY CLOSETS ABOUT CITY AND NO MORE FILE BIDS.

It is possible that the city of Pensacola may be unable to enforce the terms of the recently passed ordinance, providing for the installation of a system of sanitary toilets throughout the city, where connections with the sewer system are not maintained.

Contractors Daniels and Bures yesterday withdrew their bids for the work, since the city refused to protect them against law suits, which might arise in placing the sanitary closets about the city. The contractors demanded protection in such matters from the city government, which the commissioners thought not to be feasible.

No other bids for the work have been received, and there is no indication that any are to be presented. For this reason installation of the toilets, as provided for in the ordinance, is at a stand-still.

GOD'S PITY.

God pity all the brave who go,
The common way, and wear
No ribboned medals on their breasts,
No laurels on their hair.

God pity all the lonely folk
With griefs they do not tell,
Women waking in the night,
And men dissembling well.

In common courage of the street
The crusty grudge is the wine,
What in the mill is daily bread
And given for a sign.

And who but God shall pity them
Who go so quietly,
And smile upon us when we meet,
And greet us pleasantly?

—Louise Driscoll.

NEW HEALTH OFFICIAL IS IN PENSACOLA

DR. O. H. COX ARRIVES FROM JACKSONVILLE TO TAKE CHARGE OF CLEAN-UP DRIVE IN CITY.

Dr. O. H. Cox, formerly of Jacksonville, who arrived in Pensacola yesterday to begin the work of putting sanitary conditions in the city in better shape, has arranged for the showing of a picture of interest to everyone in Pensacola.

A one reel motion picture, entitled "Fit To Fight," which will be shown to men only at the Isis theatre, will have its first showing Friday from 12:30 to 1:45 p. m. A second appearance of the film will be put on at the same picture house Saturday night, from 11:30 o'clock on. Every man in Pensacola, service man and civilian alike, is invited to see this picture, by Dr. Cox. There is no charge.

An inspection of the venereal clinic rooms in the rear of the city hall was made yesterday by Dr. Cox, who has been ordered here to assume charge of the campaign of education in this city, by the state and U. S. Public Health Service. It is expected that this clinic will open as soon as a nurse has been secured.
